While we are here to help you learn, we are not here to do your work for you. You are responsible for understanding and completing your assignments on your own. If you have any difficulties or questions, please come to office hours or send an email to your instructor or teaching assistant.

Assignments

Assignments may be turned in at any time until the due date. These include programming assignments, homework, lab reports, and group projects. It is not acceptable to turn in an assignment late without prior approval from your instructor or teaching assistant. Each assignment must be submitted by the due date to receive credit. Late assignments will not be accepted unless extenuating circumstances are provided and prior arrangements have been made.

Late assignments will receive a zero. If you think you will need to turn in an assignment late, please email your instructor or teaching assistant as soon as possible to discuss your situation. You may also use the form linked here to request an extension.
